INDEX

TO THE

American Journal of Public Hygiene

VOLUME XVII

(A) is an abbreviation for Abstract.

	No.	Page
Action of bile on pneumococcus and streptococcus mucosus (A) Franklin C. Robinson	4	403
Advance of sanitation in Mexico Paper by Franklin C. Robinson	1	69
American Public Health Association Meeting at Mexico City, Dec. 3–7, 1906	1	72
Vital statistics section, outline of purposes of	3	260
Laboratory section, Chairman's address	4	323
Laboratory section, preliminary statement by the committee on standard methods of bacterial milk analysis,	4	331
Laboratory section, water analysis, report of committee on standard methods	4	365
Anderson, H. W. Detection of cane sugar in milk and cream (A)	2	216
Anti-cocaine, two bills passed, New York (A)	3	307
Anti-smoke ordinance, Atlantic City (A)	2	227
Anti-spitting law, Vermont (A)	2	227
Anti-spitting ordinance, Delaware (A)	3	308
Anti-toxin, free distribution of, Illinois (A)	3	306
Anti-vaccination bill in Connecticut (A)	3	309
Anti-vaccination bill in Pennsylvania (A)	3	307
Anti-vivisection agitation in Illinois	2	226
Bacteria in sewer air (A) Major Horrocks	3	296
Bacteria of the intestines (A) Dr. C. A. Herter	4	405
Bacterial milk analysis Preliminary statement by the committee on standard methods, laboratory section, A. P. H. A.	4	331
Baltimore sewerage work (A)	2	237
Board of Health of Brazil (A)	4	429
Bolling, George E. Sewage purification in winter (A)	2	231
Brinkner, Walter M. Surgical suggestions, review of book	1	132

136131

	No.	Page
Buchler, Dr. Eugene		
Reorganization of the department of public health	2	154
Burgess, Philip		
Examination of water purification plant at Owensboro, Ky. (A)	4	424
California's new health laws (A)	2	226
Chapin, Dr. Charles V.		
Rabies in Providence (A)	1	117
Control of measles (A)	4	408
Chemical and biological survey of the waters of Illinois	1	124
Chicago drainage canal case (A)	4	413
Cincinnati water purification plant (A)		
Manahan and Ellms	2	237
Clams from contaminated waters, Massachusetts (A)	2	227
Clark, H. W.		
Trickling sewage filters at Lawrence (A)	2	235
Comparative disposition of organic matter by sand. contact and sprinkling filters (A)	4	416
Classification of dairy bacteria, report of Storrs Agricultural Station, 1906 (A)	4	431
Clifford, William		
Time of passage of liquid through percolating beds (A)	4	419
Comparative disposition of organic matter by sand, contact and sprinkling filters (A)		
H. W. Clark	4	416
Comparative study of tubercle bacilli from various sources (A)		
Drs. Mohler and Washburn	3	293
Comparison of phenol and cresols as disinfectants (A)	3	289
Compend on Bacteriology		
By R. L. Pitfield, Book Review	2	239
Consumptive camps, Pennsylvania (A)	3	307
Control of measles (A)		
Dr. Charles V. Chapin	4	408
Copper sulphate used at Pawtucket, R.I., to prevent the clogging of sewage beds by micro-organisms (A)	3	302
Cost of a 66-inch reinforced concrete sewer (A)	2	232
Cost of mechanical filtration at Brooklyn	2	232
Desmontieres, A. and A. Chatin		
Researches on the action of sulphur waters in the mercurial treatment (A)	3	305
Detection of cane sugar in milk and cream (A)		
H. W. Anderson	2	216
Detection of foreign colors in wines (A)	2	215
Determination of organic nitrogen in sewage by the Kjeldhal process (A)		
Leyland Whipple	4	424
Diphtheria, its prevention, restriction and suppression		
Review of pamphlet issued by Illinois State Board of Health	1	130
Diphtheria bacillus, granular forms of the (A)	4	400

	No.	Page
Diphtheria release, time *versus* culture limit		
Editorial by Dr. H. W. Hill	3	318
Diphtheria, recurrence after disinfection (A)	3	297
Diphtheria, sewer gas and infection		
By B. R. Rickards	3	262
Diphtheria bacillus, present status of morphological types of		
Editorial by Dr. H. W. Hill	2	156
Summary of tables	2	159
Plates (insert)	2	160
Discharge of diphtheria patients from hospitals (A)	2	229
Distribution of sample medicines, New Jersey (A)	3	308
Distribution of sewage by sprinklers (A)		
Wm. G. Saylor	2	118
Doctor of public health (A)	2	226
Dry powder fire extinguishers (A)		
Franklin C. Robinson	4	404
Effect of copper on water bacteria (A)		
Kellerman and Beckwith	4	412
Ellis, J. W.		
Sulphate of iron and caustic lime as coagulants in water purification (A)	4	422
Examination of water purification plant at Owensboro, Ky. (A)		
Philip Burgess	4	424
Exclusion of milk from tuberculous cattle, Montclair, N.J. (A)	4	428
Experience with fine grain percolating filters (A)		
Dr. George Reed	1	122
Experimental sewage treatment works for Baltimore, Md. (A)	3	300
Experiments with fluorescein as an agent for detection of pollution of wells (A)		
M. McCrae and P. G. Stokes	3	305
Finger prints and the vital statistical returns		
Communication from Albert C. Nyhen	2	211
Fisher's experiments on diet and endurance (A)	3	291
Food to be protected from dust (A)	2	229
Foods and their adulterations (A)		
Dr. Harvey W. Wiley	3	315
Formaldehyde disinfection as affected by humidity and temperature (A)		
H. D. Evans	2	214
Formaldehyde in soap (A)		
Franklin C. Robinson	3	288
Formic acid as a preservative (A)		
Franklin C. Robinson	4	403
Fowler, G. J. and P. Gaunt		
The interaction of dilute solutions of ammonium salts and various filtering media (A)	4	419
Fowler, Gilbert J.		
Sewage experiments at Matunga, Bombay (A)	4	426
Free distribution of antitoxin, Illinois (A)	3	306

	No.	Page
Further work on formaldehyde as a disinfectant (A) T. B. McClintoc	3	290
Garbage crematory at Post, Ontario (A)	2	236
Gorham, Frederic P. Synthetic culture media (A)	4	400
Granular forms of the diphtheria bacillus (A)	4	400
Hale, F. E. The recovery of albuminoid ammonia from distillates contaminated with permanganate (A)	4	413
Hart, George Adam The relative merits of chemically treated, settled and septic sewage in preparing the liquid for oxidizing beds (A)	4	420
Hazen Allen, and George W. Fuller (A) Is it worth while to strip surface soil from reservoir sites?	1	120
Health, recent legislation Paper by Dr. Henry P. Walcott	3	269
Discussion by Prof. C–E. A. Winslow, Dr. C. V. Chapin, W. H. Gove	3	283
Paper by Dr. Frank G. Wheatley	3	276
Discussion by Prof. C–E. A. Winslow, Dr. C. V. Chapin, W. H. Gove	3	283
Health of employees in the New York subway (A) George A. Soper	4	423
Herter, Dr. C. A. Bacteria of the intestine (A)	4	405
Hill, Dr. H. W. Present status of morphological types of *B. diphtheriæ*	2	156
Synopsis of work of milk commissions	2	139
Trained nurse as a special domestic sanitary supervisor	3	255
Time limit *versus* culture limit in diphtheria release	4	318
Chairman's address, laboratory section, American Public Health Association	4	323
Horrocks, Major Bacteria in sewer air (A)	3	296
Hudson river ice supply (A)	2	238
Ice, the pollution and self-purification of (A)	3	299
Illuminating gas *versus* electricity (A) Vivian Lewis	4	404
Immunization toward anthrax (A)	2	221
Impure ice law, New York (A)	2	227
Indianapolis department of public health reorganization Paper by Dr. Eugene Buchler	2	154
Infectious abortion in cattle (A)	2	220
Interaction of dilute solutions of ammonium salts and various filtering media (A) G. J. Fowler and P. Gaunt	4	419
Is it worth while to strip the surface soil from reservoir sites (A)? Allen Hazen and George W. Fuller	1	120

	No.	Page
Isolation in small-pox to be abandoned in Minnesota (A)	2	227
Jackson, D. D.		
Lactose-bile media in water analysis	2	234
Jackson, Dr. Thomas W.		
Tropical medicine, with special reference to the West Indies, Central America, Hawaii and the Philippines, Review of Book	1	131
Jordan, Prof. James O		
Observations on the present-day milk situation	4	375
Discussion by Dr. A. L. Norris, Dr. R. W. Hastings, G. H. Ellis, W. A. Graustein, G. Whiting, J. E. Richardson, Mrs. E. H. Richards, Dr. Miller, W. L. Underwood	4	384
Kellerman and Beckwith		
Effect of copper on water bacteria (A)	4	412
Kimberley, A. Elliott		
Use and abuse of sewage purification plants (A)	4	421
Knopf, Dr. S. A., Review of Book by		
Tuberculosis as a disease of the masses and how to combat it	3	311
Laboratory section, American Public Health Association		
Chairman's address by Dr. H. W. Hill	4	323
Preliminary statement by the committee on standard methods of bacterial milk analysis	4	331
Report of the committee on standard methods of water analysis, 1907	4	365
Lactose-bile media in water analysis (A)		
D. D. Jackson	2	234
Lederle, Dr. Ernst		
Pasteurization of milk	2	164
Discussion by Dr. C. Harrington, Dr. T. M. Rotch, Dr. Theobald Smith, W. A. Graustein, Dr. A. Burr	2	196
Leprosy in Massachusetts, its diagnosis and segregation		
Paper by Dr. J. W. Proctor	1	78
Lewis, Vivian		
Illuminating gas *versus* electricity (A)	4	402
Limit, time *versus* culture in diphtheria release		
Editorial by Dr. H. W. Hill	4	318
Maintenance of small works for treating sewage and water (A)	4	426
Massachusetts Association of Boards of Health		
Meeting at Boston, Jan. 24, 1907	1	77
Meeting at Boston, April 25, 1907	2	163
Meeting at Boston, July 25, 1907	3	268
Meeting at Boston, Oct. 31, 1907	4	368
McClintoc, T. B.		
Further work on formaldehyde as a disinfectant (A)	3	290
McCrae, M., and P. G. Stokes		
Experiments with fluorescein as an agent for detection of pollution of wells (A)	3	305

	No.	Page
Mechanical filters of the water works at Harrisburg, Pa. (A)	2	232
Medicine vendors barred, Nebraska (A)	3	307
Meier, Konrad		
The sanitation of air (A)	3	302
Metchinkoff, Elic		
The New Hygiene: Three lectures on the prevention of infectious disease. Book Review	2	242
Method for testing and comparing sewage sprinklers (A)		
Earle B. Phelps, S.B.	1	120
Milk commission of the United States, the work of		
Editorial by B. R. Rickards, S.B.	2	139
Milk notes (A)	2	230
Milk, bacterial analysis, preliminary statement of the committee on standard methods, A. P. H. A.	4	331
Milk, observations on the present-day situation		
Paper by Prof. James O. Jordan	4	375
Discussion by Dr. A. L. Norris, Dr. R. W. Hastings, G. H. Ellis, W. A. Graustein, G. Whiting, J. E. Richardson, Mrs. E. H. Richards, Dr. Miller, W.L. Underwood	4	384
Milk, pasteurization of		
Paper by Dr. Ernst J. Lederle	2	164
Discussion by Dr. C. Harrington, Dr. T. M. Rotch, Dr. T. Smith, W. A. Graustein, Dr. A. Burr	2	196
Milk pasteurization for public sale		
Paper by Dr. Thomas Morgan Rotch	2	181
Discussion by Dr. C. Harrington, Dr. Ernst J. Lederle, Dr. T. Smith, W. A. Graustein, Dr. A. Burr	2	196
Milk stations, Mayor of New York City approves of (A)	3	307
Misuse of milk cans (A)	2	226
Mohler and Washburn		
Comparative study of tubercle bacilli from various sources (A)	3	293
Montfort, W. F.		
Water purification at St. Louis (A)	4	418
Municipal sewage experimental station at Waterbury, Conn. (A)	3	300
National Health Department (A)		
Dr. J. Pease Norton	2	225
Negri bodies in the salivary gland of mad dogs (A)	4	400
Nephilometer, The (A)	4	399
New disinfectants (A)		
Franklin C. Robinson	3	288
New Hygiene: Three lectures on the prevention of infectious disease, Review of		
Book by Elic Metchinkoff	2	242
New sanitary act, Illinois (A)	3	306
New settling basin at St. Louis (A)	4	413
New study of migraine (A)		
Dr. S. I. Franz	3	292
New test for proteids (A)	3	290
No danger in scarlet fever desquamation (A)	2	229

	No.	Page
Norton, Dr. J. Pease		
National health department (A)	2	225
Novel sprinkler motor for the percolating sewage filter at Wellington, England (A)	3	301
Nurse, the trained, as a special domestic sanitary supervisor		
Editorial by Dr. H. W. Hill	2	255
Nyhen, Albert C		
Finger prints and the vital statistical returns	2	211
Observations on the present-day milk situation		
Paper by Prof. James O. Jordan	4	375
Discussion by Dr. M. W. Norris, Dr. R. W. Hastings, G. H. Ellis, W. A. Graustein, G. Whiting, J. E. Richardson, Mrs. E. H. Richards, Dr. Miller, W. L. Underwood	4	384
Official report on typhoid fever in Washington, D.C., in 1906 (A)	4	415
Opsonins (A)		
Simon, Lamar and Bispham	1	127
Optometry bill vetoed, Illinois (A)	3	308
Osteopath bill killed, Illinois (A)	3	310
Pasteur Hospital for contagious diseases (A)	1	115
Pasteurization of milk		
Paper by Dr. Ernst J. Lederle	2	164
Discussion by Dr. C. Harrington, Dr. T. M. Rotch, Dr. Theobald Smith, W. A. Graustein, Dr. A. Burr	2	196
Permanent stained preparations (A)	4	399
Peters, Dr. Austin		
Rabies in Massachusetts	1	94
Discussion by Dr. S. H. Durgin, Prof. W. T. Sedgwick, Dr. A. Burr	1	110-114
Phelps, Earle B. S. B.		
Method for testing and comparing sewage sprinklers (A)	1	120
Prevention of stream pollution by strawboard waste (A)	2	236
Work at Madeleine sewage experiment station, France (A)	4	425
Physicians' Visiting List, 1907, Review of P. Blackiston's Sons Co.	1	130
Pitfield, R. L.		
A compend on bacteriology, Review of	2	239
Plaster of Paris and how to use it		
Book by Martin W. Ware, Review of	2	244
Pollution and self-purification of natural ice (A)	3	299
Possibilities of a clinical laboratory in a country town in relation to public health work		
Paper by Dr. E. Channing Stowell	4	369
Discussion by Dr. F. P. Denny, Dr. H. C. Emerson	4	372
Present status of morphological types of *B. diphtheriæ*		
Paper by Dr. H. W. Hill	2	156
Summary of tables	2	159
Plates (insert)	2	160
Prevention of infant mortality (A)	4	411

	No.	Page
Prevention of stream pollution by strawboard waste (A) Earle B. Phelps	2	236
Proctor, Dr. J. W. Leprosy in Massachusetts, its diagnosis and segregation	1	78
Progress on New York City's Catskill water supply system; dams of the Ashokan reservoir (A)	3	299
Prophylactic use of tetanus antitoxin	2	223
Pure food law, Tennessee (A)	3	308
Pure food law, Washington (A)	3	309
Purification of sewage at Stratford-on-Avon (A)	2	119
Quick, A. M. The Washington typhoid situation and how the Baltimore water department has protected its supply without filtration (A)	1	125
Rabies in Massachusetts Paper by Dr. Austin Peters	1	94
Discussion by Dr. S. H. Durgin, Prof. W. T. Sedgwick, Dr. A. Burr	1	110-114
Rabies in Providence (A)	1	117
Railway water softening (A)	2	236
Reaction toward liberal feeding (A) Percy G. Stiles	2	216
Recent public health legislation Paper by Dr. Henry P. Walcott	3	269
Discussion by Prof. C. E. A. Winslow, Dr. C. V. Chapin, W. H. Gove	3	283
Paper by Dr. Frank G. Wheatley	3	276
Discussion by Prof. C. E. Winslow, Dr. C. V. Chapin, W. H. Gove	3	283
Recovery of albuminoid ammonia from distillates contaminated with permanganate (A) F. E. Hale	4	413
Recurrence of diphtheria after disinfection (A)	3	297
Reed, Dr. George Experience with fine grain percolating filters (A)	1	122
Refuse disposal in the borough of Richmond, City of New York (A)	1	121
Registration of cases of tuberculosis (A)	2	227
Regulation of marriage, Pennsylvania (A)	3	307
Relative merits of chemically treated, settled and septic sewage in preparing the liquid for oxidizing beds (A) George Adam Hart	4	420
Removal of iron from the water supply at Reading, Mass. (A)	1	124
Report on pollution of the water supply of Philadelphia by coal wastes (A)	2	231
Researches on the action of sulphur waters in the mercurial treatment (A) A. Desmonlieres and A. Chatin	3	305
Resolutions regarding the milk supply (A)	2	224
Responsibility for the report of births (A)	4	410

	No.	Page
Results gained by the complete realization of the physiological conditions which respiratory apparatus ought to satisfy to permit the existence and work of man in irrespirable atmospheres without danger (A) M. J. Tissot	3	304
Rickards, B. R. Synopsis of work of milk commission of the United States	2	139
Diphtheria, sewer gas and infection,	3	262
Robinson, Franklin C. Advance of civilization in Mexico	1	69
Standardization of disinfectants (A)	2	213
New disinfectants (A)	3	288
Formaldehyde in soap (A)	3	288
Formic acid as a preservative (A)	4	403
Test for acetanilide in headache powders (A)	4	403
Action of bile on pneumococcus and streptococcus mucosus (A)	4	403
Sublamin (A)	4	404
Dry powder fire extinguishers (A)	4	404
Rotch, Dr. Thomas Morgan Pasteurization of milk for public sale	2	181
Discussion by Dr. C. Harrington, Dr. Ernst J. Lederle, Dr. T. Smith, W. A. Graustein, Dr. A. Burr	2	196
Sanitary engineering problems of water supply and sewage disposal in New York City (A) George A. Soper	3	300
Sanitation in daily life Book by Mrs. Ellen H. Richards, Review of	4	436
Sanitation of air (A) Konrad Meier	3	302
Saylor, William G. (A) Distribution of sewage by sprinklers	2	118
School physicians authorized, New Jersey (A)	3	309
Second interim report of the royal commission on human and animal tuberculosis (A)	2	219
Sewage disposal by biological processes (A) A. D. Watson	4	413
Sewage ejector at Duluth (A)	2	232
Sewage, experimental treatment works at Baltimore, Md. (A)	3	300
Sewage, experimental station at Waterbury, Conn. (A)	3	300
Sewage experiments at Matunga, Bombay (A) Gilbert J. Fowler	4	426
Sewage purification in winter (A) George E. Bolling	2	231
Simon, Lamar and Bispham Opsonins (A)	1	127
Soper, George A. The sanitary engineering problems of water supply and sewage disposal in New York City (A)	3	300
Health of employees in the New York Subway (A)	4	423
Spirochæta dentum (A)	4	399

	No.	Page
Spitting in cars (A)	4	410
Staining spirilla in sputum (A)	4	400
Standardization of disinfectants (A) Franklin C. Robinson	2	213
State control of water supplies, Pennsylvania Water Supply Commission (A)	2	232
State water survey of Illinois (A)	2	231
Sterilization of sewage affluent (A) Phelps and Carpenter	1	119
Stiles, Percy G. Reaction toward liberal feeding	2	216
Stowell, Dr. E. Channing Possibilities of a clinical laboratory in a country town	4	369
Discussion by Dr. F. P. Denny, Dr. H. C. Emerson	4	372
Stream pollution by acid-iron waste at Selby, O. (A)	1	118
Sublamin (A) Franklin C. Robinson	4	404
Sulphate of iron and caustic lime as coagulants in water purification (A) J. W. Ellis	4	422
Surgical suggestions (A) Book by Walter M. Brinkner. Review of	1	132
